

CUSTOM Series

STRENGTH SECURITY INNOVATION

Manufactured with the same standard as our existing consoles with glue and dowel assembly and multi-point hinge

Grommet options include E-Waste, pill bottle, hard drive and security grommet

Multiple console design options including flip-top, chute console, demo, or custom sized to your specifications

Hundreds of custom colors and textures available to match any décor

Multiple lock and bag insert options to match any security or collection needs

Our North American manufacturing facility employs the latest state of the art processing equipment and skilled design team to allow you to customize any console to exceed expectations or security demands. With unlimited options such as our E-Waste and pill bottle grommets to flip-top consoles, chute console, to our mini demo console, to over 200 color and locking options, we are restricted only by your customer's requirements.
