

The Pup Series

STRENGTH SECURITY INNOVATION

Purpose-designed to easily fit beneath most desks

Full glue and dowel assembly, maximizing strength and durability

180 degree solid steel hinge with multiple contact points

Reinforced TRI-Lock System for increased security and durability

Plastic tack glides for easy maneuvering and protection from wet surfaces

When space is a concern, The Pup Series is your answer. Exclusive to Jake, Connor & Crew, The Pup Series offers a space saving, under-desk solution without sacrificing the security and durability offered with a traditional console. Fully compliant with Joint Commission and HIPPA regulations, The Pup Series' sleek, narrow design and plastic tack glides protecting the base from wet surfaces, make it the best solution for hospitals and medical facilities. Also available with unique grommet options designed for the collection of e-waste and pill bottles, The Pup Series is a versatile container that will meet all of your secure collection needs.
