

THE PEDIGREE SERIES™

Recycling

STRENGTH SECURITY INNOVATION

Integrally molded at base and stress points for maximum strength and durability

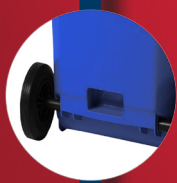

Constructed with high density polyethylene with UV protection ensuring long life

Engineered for optimum gripping ease with automated lifting equipment

Fully customizable with hot stamping and color options

Rubber wheels and molded foot recess provide maximum ergonomic benefit when maneuvering

Our exclusive Pedigree Series™ Recycling carts, provide strength, versatility and ease of use. Smooth surfaces, "tool-free" assembly and molded-in lift bar (North American design) provide daily benefit. Available in both European and North American lifting styles, our Pedigree Series™ Recycling carts are fully recyclable, barcode ready and meet A.N.S.I. and EN-840 standards. We also offer a large variety of accessories and options, to customize your cart for any requirement you or your customer may have.
